

SOLID

Designed by cassecroute

SOLID

Timeless and strong... the DNA of cassecroute. Certainly not trendy, but forever. It is so great sitting at this luxurious picnic table. Thanks to European oak and aluminium, SOLID will outlive us all.

Oiled solid oak boards, 30 cm wide and 5 cm thick, with still a little bark on the outside, and 8 mm thick plain recycled aluminium for the chassis.

The aluminium chassis can also be supplied in different RAL colours.

SOLID, made to last...
